

Communication to the Community – Neighbourhood Meeting – Marban Project

O3 Mining invites the citizens of the sector to a day of exchanges on June 13 from 2 pm.

May 30, 2023,

We want to invite local residents and stakeholders to a day of information and exchange.

On site, team members from different professions and areas of expertise will be on hand to answer your questions and discuss our project with you. Thematic booths will present visual elements to make the exercise even more concrete. A number of themes may be addressed:

1. Progress of the Marban Project;
2. Exploration work;
3. O3 Mining Responsible Exploration Program;
4. Environmental assessment processes (federal and provincial) for the Marban Project;
5. Community relations and outreach;
6. Jobs currently available at O3 Mining;
7. Participatory land use mapping

It will also be an opportunity to present the work that our teams will be carrying out in the field during the summer of 2023. In addition, we would like to inform you that group consultative activities will be organized in the fall of 2023.

Location:

Maison du Citoyen de Dubuisson

1405 Rte de Saint-Philippe

Val-d'Or, QC J9P 4N7

Schedule: June 13, between 2 p.m. and 9 p.m.

We reiterate our deep conviction that the Marban project is promising and can be positively integrated over time at the local and regional level, both regarding the sustainability of jobs and the Abitibi-Témiscamingue environmental and socio-economic ecosystem.

If you have any questions regarding this communication, please contact me at abrochu@o3mining.com or at (819) 355-1837.

Annabelle Brochu

Community Liaison Officer
